THE MOTORCYCLE WORLD CHAMPIONSHIP

RACE SERIES TRACK & PADDOCK STANDS

MotoGP Race series track and paddock stands are essential for race and track days. The stands elevate the bike for ground clearance to remove wheels and improve access for repairs, bike set-up and to fit and remove tyre warmers. MotoGP stands are constructed from 32mm tube, fully reinforced for extra strength, finished in durable black powder coating with PU ground-stops on the underside of the handle for easier handle access and improved contact grip.

Rear stands: are supplied complete with spring loaded swingarm adaptors.

Front stands: are supplied with under fork adaptors.

FRONT - SINGLE
PART NO. **MGPST002**

REAR - SINGLE
PART NO. **MGPST001**

FRONT & REAR - SET
PART NO. **MGPST003**

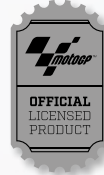

NB - Front paddock stands should always be used in conjunction with a rear stand.

MGPST002

MGPST001

MotoGP logo stamp

BOBBIN HOOK ADAPTORS

Pair of bobbin hook adaptors replace standard cup adaptors, allowing you to lift the bike by the bobbins instead of swing arms.

PRO SERIES PREMIUM 1PC PADOCK STANDS

RIDE Magazine 'BEST BUY'

Front stands include a self-levelling zinc-coated under-fork hardware kit.

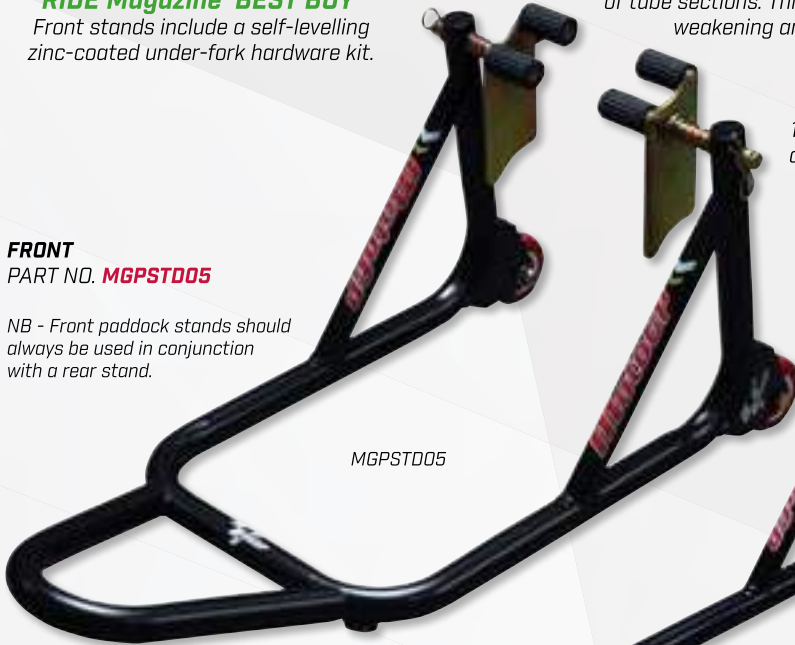

MotoGP Premium Pro series stands are manufactured from continuous uncut tubing, supplied as a ready-to-use stand requiring no self assembly of tube sections. This superior design and production minimises potential weakening and movement of the stand, compared to conventional multi-part self-assembly paddock stands.

Stands are constructed from 32mm cold rolled steel, 1.4mm thick tubing (1.9mm on headlift upper section), and incorporate internal reinforcement steel plugs for increased stand strength and stability.

All tube work is formed on leading CNC tube-bending machines ensuring optimum accuracy.

FRONT
PART NO. MGPST005

NB - Front paddock stands should always be used in conjunction with a rear stand.

MGPST005

Rear stands include a lockable zinc-coated bobbin-spool hardware kit for quick and effective lifting. The stand can be adjusted and is suitable for all the latest sportsbikes.

REAR
PART NO. MGPST004

All stands are complimented by a durable black powder-coating, and feature injection moulded polyurethane wheels - robust, oil resistant and offering efficient grip and movement.

MGPST004

PRO SERIES HEADSTAND

MotoGP Pro series headstands include a selection of five headlift pins* suitable for the majority of today's sportsbikes.

* 13mm / 15mm / 16.5mm / 17mm / 18mm

PRO SERIES TYRE WARMER

Official MotoGP Pro series tyre warmer set, includes front and rear warmers.

Self fitting elasticated sides offer a snug fit and uniform heat distribution. Warmers heat to a thermostatically controlled 80 degree Celsius for optimum tyre temperature, and retain that setting until warmers are removed or switched off.

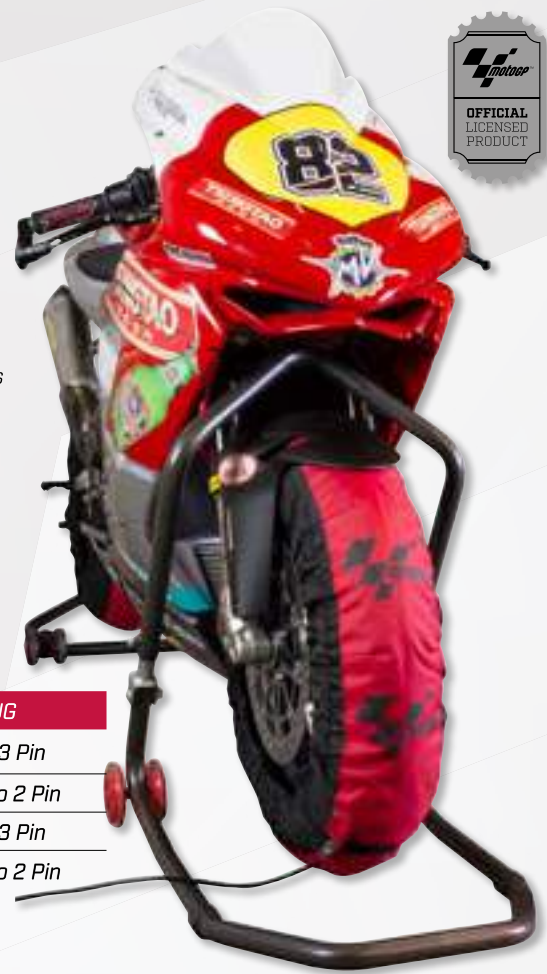

LED indicators clearly show when the warmers are heating or the thermostat is at the maximum temperature setting. Supplied with storage bag.

Easy view
RED = HEATING
GREEN = READY

PART NO.	REAR FITMENT	FRONT FITMENT	PLUG
MGPWARM01	180/55-17 190/50-17 190/55-17	120/70-17	UK 3 Pin

MGPWARM03	200/55-17	120/70-17	UK 3 Pin
MGPWARM03E	200/55-17	120/70-17	Euro 2 Pin

PRO SERIES DIGITAL TYRE WARMERS

Digitally controlled tyre warmer kit for optimum tyre preparation.

Both the front and rear warmers feature encased digital thermostat units which allow the user to manually input a desired temperature for the warmer to maintain.

The resulting advantage over standard tyre warmers is being able to heat the warmer to a higher or lower temperature according to weather conditions and time restraints, plus more accurate and easy to read data.

Features:

- LCD display for easy reading
- Power indicator light
- Temperature setting from 40-99 degree Celsius
- Real time temperature reading during heating

*Airblade*TM

RACING SCREENS

ADDED PROTECTION WITH STYLE AND TECHNOLOGY

Airblade double bubble racing screens add style to sports bikes whilst increasing performance and ride ability with drag reducing design. Sports screens are available in Dark Smoked, Light Smoked and Clear finish.

CLEAR

LIGHT SMOKED

DARK SMOKED

- *Shatterproof and shock resistant - to minimise the chance of breakage from the impact of stones and other debris.*
- *Rigid - to retain the screens shape and avoid distortion under extreme wind pressure and high temperatures.*
 - *Safer - in extreme circumstances should the screen break, the resultant edges should not be sharp.*

AIRBLADE SCREENS HAVE BEEN DEVELOPED IN CONJUNCTION WITH BSB TEAMS.

Airblade
RACING SCREENS

DEVELOPED WITH

Bennetts
