EAR COVERAGE

FULL FACE

The J-ZERO helmet is a mix of technology, safety and comfort, designed to satisfy riders of all disciplines. The tech feature that makes J-ZERO an innovative and versatile helmet is the possibility of using it in 3 different configurations, an "All in One" helmet: Full Face with chin guard, Openface with ear protection, open face.

The chin guard of the J-ZERO helmet, certified ASTM F1952-10, passed the most severe impact tests, guaranteeing an high level of protection. The chinguard or the ear pads can be quickly added or removed by operating the two levers on the sides of the helmet.

Into the box: full-face helmet, two ear pads in a dedicated package and a thicker padding kit to create the perfect fitting.

Il casco J-ZERO è un mix di tecnologia, sicurezza e comfort, studiato per soddisfare le richieste dei rider di tutte le discipline. La caratteristica che lo rende un casco innovativo e versatile è la possibilità di sfruttarlo in 3 differenti configurazioni, un casco " All in One" : integrale(full face con mentoniera), aperto con protezioni orecchie (half face ear coverage), aperto (open face).

La mentoniera del casco J-ZERO, certificata ASTM F1952-10, supera i test d'impatto più severi garantendo un alto livello di protezione. Agendo su due levette poste ai lati del casco si potrà aggiungere o rimuovere velocemente la mentoniera o i para-orecchie.

All'interno della confezione : casco in versione integrale, due para-orecchie in una confezione dedicata e un kit di imbottiture più spesse per creare il fitting perfetto.
