HELMETS COLLECTION

Nixie è il nuovo casco demijet pensato per muoversi comodamente e in sicurezza sui percorsi urbani ed extraurbani con stile e nel massimo comfort. Realizzato con calotta in materiale termoplastico ad alta resistenza, ha finiture estremamente ricercate e si presenta con un design classico e dalla linea dinamica. Casco jet omologato ECE 22.06

- Calotta esterna in policarbonato
- Calotta esterna in doppia misura (piccola da XS a M, grande da L a XL)
- Calotta interna in EPS a doppia densità, ad alto assorbimento d'urto
- Cinturino con regolazione micrometrica e sgancio rapido
- Visiera trasparente realizzata in policarbonato omologata
- Visiera interna parasole a scomparsa, per maggior confort in situazioni estreme, realizzata in policarbonato, removibile a sgancio rapido senza uso di attrezzi
- Interno in materiale anallergico, estraibile e lavabile, con fondello con logo UFO
- Sistema di ventilazione con presa d'aria superiore e canalizzazione interna EPS per una migliore distribuzione del flusso d'aria
- Peso 1200 ± 50 gr (taglia M)

Nixie is the new demijet helmet designed to move comfortably and safely on urban and extra-urban routes with style and maximum comfort. Made with a high-resistance thermoplastic material shell, it has extremely refined finishes and presents itself with a classic design and dynamic line. Jet helmet approved ECE 22.06

- Polycarbonate external Shell
- Double size outer shell (small from XS to M, large from L to XL)
- Double density EPS inner shell, with high shock absorption
- Micrometric adjustment strap and quick release
- Transparent visor made of polycarbonate approved
- Retractable internal sun visor, for greater comfort in extreme situations, made of polycarbonate, removable with quick release without the use of tools
- Interior in hypoallergenic material, removable and washable, with UFO logo pad
- Ventilation system with upper air intake and internal EPS channeling for better distribution of the air flow
- Weight 1200 ± 50 gr (size M)
